

# Outfitter Partners in Conservation

## Montana Fish, Wildlife and Parks Foundation

The Montana Fish, Wildlife and Parks Foundation's *Outfitter Partners in Conservation* program provides an opportunity for licensed Montana guides and outfitters to contribute to the Mission and Visions of the Montana Fish, Wildlife and Parks Foundation. Outfitters and guides participate in this program through cash donations or donated hunts, trips, and/or goods and services which are suitable for use by the Foundation for fund-raising.

Montana's outfitting industry is an important part of Montana's hunting and outdoor heritage, contributing significantly to the state's economy, while playing a vital role in educating others about Montana and its wildlife and recreational heritage. Contributions to the Foundation through the *Outfitter Partners in Conservation* program exemplify the role Montana outfitters play in the stewardship of our wildlife and cultural resources and the preservation of hunting and fishing traditions in Montana.

*The "magic" that is Montana lives in the imaginations of millions of people.  
Please be our partner in keeping this legacy alive for future generations.*

Recognition and benefits provided to MFWPF *Outfitter Partners in Conservation* include:

- Recognition at all Foundation events
- Presentation grade plaque
- Listing in the Foundation's newsletter, "*Habicht*"
- On-line recognition and a link on the Foundation's website: [www.mfwpfoundation.org](http://www.mfwpfoundation.org)
- Tax benefit

### Montana Fish, Wildlife and Parks Foundation

Providing private support for conservation projects in Montana and taking a leading role in ensuring the protection of Montana's natural, cultural and recreational resources for future generations.
